I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I do not support restricting the availability of individually compounded medications. I do not want a limitation set on the number of prescriptions that could be shipped out of state by a specialized pharmacy. This limitation would compromise my quality of life by restricting my ability to obtain medication my doctor has prescribed and that is needed by me.
